We are well versed in handling all type / size of Vessels & Cargoes at any port by a team of trained personnel who keep the strictest standard by through planning and supervision to the schedule develop to suite the specific needs of our Valued Principle's in accordance to relevant port tariff with assurance of prompt berthing and quickest dispatch of vessel with competitive disbursement account with owner's entire satisfaction.

NVOCC / FREIGHT FORWARDING:

B2B Global Supplies is a young and dynamic NVOCC with a wide experience in international transport. A personalized service is the key of success with our specialized staff, assisting traders to move their goods both inland and overseas all over the world. Beside arrangements for routing, pricing and documentation the company also advise stowage matters and handles transport insurance.

This is mainly achieved by grouping / consolidating cargoes as purchased or sold by numerous individual or possibly isolated traders thereby promoting FOB purchases and C&F, CIF sales.

Our trained staff can also furnish advice on the best methods of moving all type of cargo by road, sea and air.

That includes the provision competitively priced marine insurance, advice on routing and expert assistance with customs clearance procedures, including customs clearance and payment of import duty and VAT. This department is the main stage of the shipping trade and its extremely important to plan out the canvassing trade in different regions, always had a psychological effects for a new liner services inducting in. Its considerable noted by the trade for a span of time and gradually by the passage of time they make good use of the services as you aware it's of utmost important that proper advertisement and publication is required to introduce the line and the service pattern.

Each and every sales representative has to educate the trade with the new services more or less shippers do prefer best competitive freight rates as offered by the line the exporters boost their business. However the success of a good lifting and market share lies in the efficiency of sales force which we, can guarantee as we do have consistent efforts to sale our product in Pakistan and the region where most of the exporters are made through special efforts securing nomination from the importers by stipulating the name of the services on relevant letter of credit.

However we are foundation and commit with your absolute support on long terms basis with our trade, our marketing personnel and management aims to develop a new breed of shipping management skills in local market.

CUSTOM CLEARANCE:

One of the main activities of B2B Global Supplies is customs clearance and delivery of cargo. Whether the goods are foodstuffs, machinery, general cargo or personal affect our experience and expertise in the clearance to their particular requirements. Whether they are imports, exports, transshipments or re-exports.

The most prominent aspects of cargo clearance is documentation - filling of bills of Entry or Shipping bills, applications for duty Exemption, preparation & attestation of documents etc with chamber of commerce, General Industrial Corporation or any other authority are processed in a timely manner.

There is also the matter of duties deposits, refunds and B2B Global Supplies can correctly advice which is applicable in each individual case. The complexities of customs clearance of cargo at the airport or the seaport vanish, and delivery of goods is carried out to any destination without any hassle in the quickest possible time.

B2B Global Supplies has a team of dedicated professionals who can advice (free of cost) documentation requirements, best modes of transit, savings in freight, packing ideas & local rules and regulations.

B2B GLOBAL SUPPLIES specializes in major product lines encompassing as below:

- » **Himalayan Pink Rock Salt / Sea Salt**
- » **Fresh Fruits & Vegetables**

HIMALAYAN PINK ROCK SALT / SEA SALT:

B2B GLOBAL SUPPLIES is leading Salt manufacturer and exporter from Pakistan. Our Royal Himalayan Pink Rock Salt / Sea Salt and other types of Salt are highly demanded in the industry. Our Royal Salt is known for their superb quality, taste level and their freshness. We are one of the Refined Salt manufacturers and Raw Salt exporters from Pakistan. Our skilled workers and experts have been renowned for their hard work and dedication. Our Salts have been paradigm of freshness and relishing tastes. Also, we have been reckoned for punctuality and delivering any bulk order at the time. Last but not the least; B2B GLOBAL SUPPLIES offers best Salt at the most reasonable rates.

The manufacturing process is done by fractional crystallization in open field's Salt pans, therefore being located in one of the largest Salt production bases in Pakistan. We are one of the most acclaimed refined Salt manufacturers and Raw Sea Salt suppliers from Pakistan. Our Salt like free flow Salt is highly consumed in the industry.

ROYAL HIMALAYAN PINK ROCK SALT:

The mesmerizing pink and white crystals of Himalayan Pink Rock Salt have a history that goes way back over 300 million years ago when they were dissolved in the water of ancient oceans; these oceans dried up over time and left behind this Rock Salt as deposits.

The location of these happenings is near the place where the Himalayan Mountains stand today in Pakistan. Over time this Salt has retained its natural purity, thanks to the mountainous region which sealed them from chemicals and pollutants. This is why Himalayan Pink Rock Salt is now one of the healthiest natural foods known to man.

For people living in the Himalayan region, Salt was no big news, they have always needed it as a food additive, and also to preserve food like meat and fish.

Soon after, the Salt became a popular ingredient of Ayurvedic medicine due to its supposed healing powers, it is said that Himalayan Pink Rock Salt was dubbed “white gold” by alchemists who knew its true value.

This Salt has also been called “King Salt” or “Salt of Life”. In order to retain its purity, this Salt is hand-mined from its natural reserves in the Salt Mines and is free from any additives or preservatives such as those present in regular table Salt.

Salt has generally been used as part of food and medicine since ancient times. Himalayan Pink Rock Salt, apart from these uses, has much more to it. Claims of these Salt therapeutic properties are becoming more and more popular each day.

HERE ARE SOME MUCH-DISCUSSED BENEFITS OF THIS HIMALAYAN PINK ROCK SALT:

Normal table Salt is composed of sodium and chloride. In contrast, Himalayan Pink Rock Salt has nature which is quite holistic. Moreover, it can be a wholesome component of food due to its whopping 84 element content. Among these elements are also included many trace minerals which are essential for health.

Himalayan Pink Rock Salt is said to be beneficial for respiration and breathing disorders. It may also help in alleviating symptoms of asthma, eczema, and such allergic diseases.

For electrolyte balance, body water regulation, and numerous other health aspects, this Rock Salt can prove to be regulatory and quite beneficial.

Drinking only a small amount of sole early morning has been associated with improved mood and increased energy levels throughout the day. Some say that this is due to the fact that Himalayan Pink Rock Salt contains the potential energy of the Sun and the Earth which it has soaked up over billions of years.

Want to know how to use Himalayan Pink Rock Salt? You are definitely in for a surprise. This versatile gift from nature has been used for many purposes in daily life.

Whether made of Rock Salt blocks entirely or having only panels of Himalayan Pink Rock Salt, Himalayan Salt rooms and walls are an emerging trend in spas and even homes. This is to create the effect of being in a Himalayan Salt cave, a cleansing experience that is said to be great for a wide variety of problems from breathing issues to depression.

Let alone adding the Salt crystal to your food the latest trend of Himalayan Pink Rock Salt is to cook over a block of the Rock Salt itself! Savory dishes like steak can easily be placed and cooked over these blocks; this will give you the best of flavor and nourishment both.

More and more DIY beauty recipes are employing Himalayan Pink Rock Salt each day. All natural deodorants made at home from Himalayan Pink Rock Salt are a great substitute for harmful aluminum-containing products commonly available for the same purpose. This Salt is said to have astringent and antibacterial properties which can make it an effective deodorizing ingredient.

This Salt can also be used in the preparation of a relaxing, detoxifying bath Salt mixed with your favorite essential oils for extra skin nourishment.

This Rock Salt can also be used as a body scrub; here it can increase blood circulation and combat cellulite under the skin.

Himalayan Pink Rock Salt wraps are also said to be effective for weight loss by reducing water retention and minimizing bloating.

Himalayan Salt Lamps are an amazing source of freshness literally! These are said to release negative ions which are also called vitamins of the air, it is said that negative ions have the potential to clear the air of dust, pollen, and dander; they can neutralize harmful positive ions around you which are regularly released by electronic devices commonly present in your surroundings. Moreover, Salt lamps are said to be great relievers of depression, anxiety, respiratory diseases, migraines, insomnia, and even joint problems!

Now that you know about Himalayan Salt history and have a fair idea of Himalayan Salt benefits, you can make the most of this unique Salt by knowing its true value. In this excessively industrialized era, there is hardly something as pure as Himalayan Rock Salt. Its multipurpose nature is what has made it more popular than ever.

22 HEATH BENEFITS OF HIMALAYAN PINK ROCK SALT:

Himalayan Rock Salt was formed naturally from hearty 80+ minerals and elements 85.62% sodium chloride and 14.38% other trace minerals including: sulphate, magnesium, calcium, potassium, bicarbonate, bromide, borate, strontium and fluoride (in descending order of quantity). Because of these minerals Himalayan Pink Rock Salt can:

1. Helps control water levels in the body
2. Helps balance electrolytes
3. Promotes Stable PH levels (Alkaline/Acidity) and help to reduce acid reflux
4. Boosts brain health
5. Helps regulate blood sugar
6. Anti-Aging
7. Boosts Energy
8. Promotes increased absorption of nutrients
9. Aids vascular health
10. Supports respiratory
11. Reducing sinus infections and sinus related problems
12. Prevent muscle cramping
13. Increasing bone strength
14. Helping with better and more restful sleep
15. Support & increasing libido
16. Boosts circulation
17. Promotes kidney and gall bladder health
18. Increases hydration
19. Aids in proper metabolism functioning
20. Reducing wrinkles
21. Prevent goiters
22. Dissolve and eliminate sediment to remove toxins

	20" open top 20' x 8' x 8' 6"	5,919	2,340	24,000	2,177	28,230	32
	40" open top 40' x 8' x 8' 6"	12,043	2,338	30,480	4,300	28,700	64

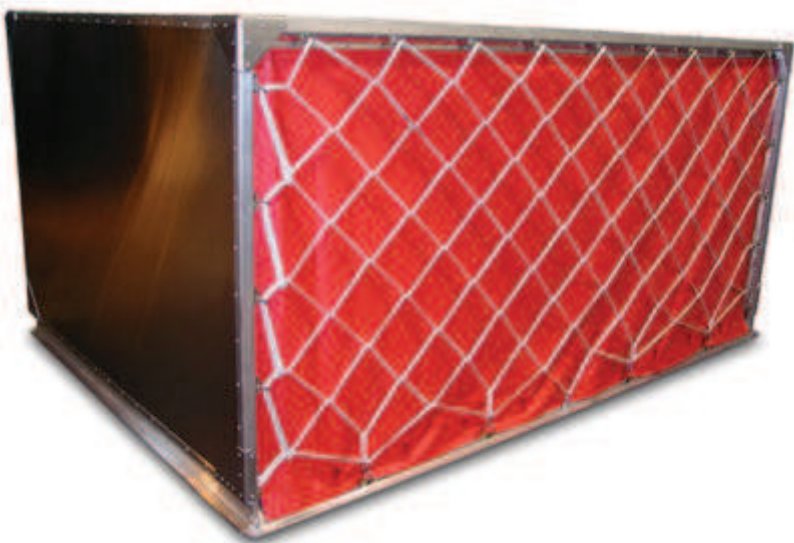

Flat Rack / Steel		Internal Dimensions (mm)			Weight (kg)		
Type / Size		Length	Width	Height	Max. Gross	Tare	Max. Payload
20" collapsible 20' x 8' x 8' 6"		5,966	2,418	2,286	30,480	2,970	27,510
40" fixed-corner 40' x 8' x 8' 6"		5,935	2,398	2,327	24,000	2,560	21,440
40" fixed-corner 40' x 8' x 8' 6"		12,080	2,438	2,103	30,480	5.480	25,000

Reefer / Aluminium	Internal Dimensions (mm)			Weight (kg)			Volume (m³)
	Type / Size	Length	Width	Height	Max. Gross	Tare	Max. Payload
	20" Std 20' x 8' x 8' 6"	5,430	2,286	2,155	27,000	2,750	24,250
	40" Std 40' x 8' x 8' 6"	11,577	2,294	2,110	32,500	3,900	28,600

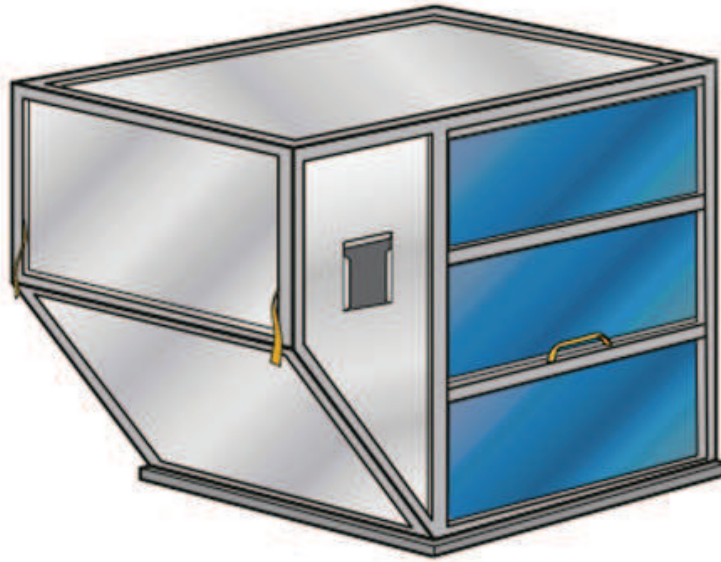

AIR FREIGHT

LD-9

Aircraft Types: All 747's & 767 & AB3	
Length:	3020 mm
Width:	2080 mm
Height:	1520 mm
Volume:	10.6 m3
Max Gross Weight:	4626 kg
Rate Class:	5

LD-1

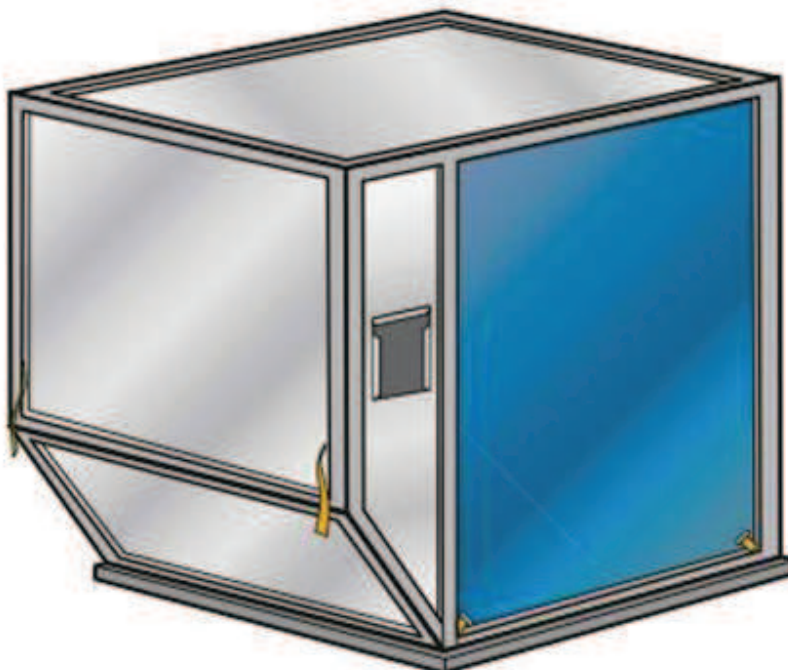

Aircraft Types: All 747's & 767	
Length:	1470 mm
Width:	1400 mm
Height:	1520 mm
Volume:	4.84 m3
Max Gross Weight:	1587 kg
Rate Class:	8

LD-7

Aircraft Types: All 747's & 767 & AB3	
Length:	-
Width:	-
Height:	-
Max Gross Weight:	4626 kg
Tare Weight:	110 kg
Rate Class:	2C

LD-3

Aircraft Types: All 747's & 767 & AB3	
Length:	1470 mm
Width:	1400 mm
Height:	1520 mm
Volume:	4.3 m3
Max Gross Weight:	1587 kg
Rate Class:	8
